(Formerly known as RDB Realty & Infrastructure Limited)

ANNUAL	2025
REPORT	2026

ABOUT RDB GROUP

“Vision without Action is a dream; Action without a dream is passing the time; Action with vision is making a positive difference.”

For more than four decades, the RDB Group has been guided by a strong foundation of values that continues to shape its growth and evolution. Built on a legacy of entrepreneurship, integrity and long-term thinking, the Group has consistently embraced change while remaining firmly rooted in the principles that define it.

Today, RDB Group stands at an important phase of transformation, building on its established presence in infrastructure while expanding into high-growth and future-oriented sectors. The Group's growth strategy is centred around strengthening its infrastructure capabilities and creating a meaningful presence across the renewable energy value chain, with a particular focus on solar energy.

The Group is expanding its footprint in solar EPC and independent power generation (IPP) while simultaneously building capabilities in solar cell manufacturing. This expansion represents a natural progression in RDB's evolution, enabling the Group to participate across multiple stages of the renewable energy ecosystem from infrastructure development and project execution to power generation and the manufacturing of critical components.

This strategic direction reflects RDB's ability to identify emerging opportunities and invest ahead of the curve. With the global and Indian energy landscape undergoing a fundamental transition towards cleaner and more sustainable sources of power, the Group believes that renewable energy represents a significant long-term opportunity for value creation.

At the heart of RDB's philosophy is the belief that sustainable growth is built through strategic foresight, disciplined execution and the courage to think beyond the present. Entrepreneurial freedom and financial independence have enabled the Group to take calculated risks, diversify meaningfully and pursue opportunities with conviction.

Our reputation has been built not only through the businesses we have created, but also through the trust of our stakeholders, the commitment of our people and the relationships we have nurtured over the years. As we enter our next phase of growth, we remain committed to building businesses that are resilient, responsible and positioned for long-term relevance.

RDB Group's vision for the future is therefore clear: to build upon its infrastructure legacy while emerging as a diversified, future-ready enterprise with renewable energy and solar manufacturing at the forefront of its next phase of growth.

MESSAGE FROM THE CHAIRMAN

Dear Valued Shareholders,

It gives me immense pride to present the 20th Annual Report of RDB Infrastructure and Power Limited (formerly known as RDB Realty & Infrastructure Limited) for the financial year ended 31st March, 2026.

This year marked a pivotal moment in our corporate evolution. With the successful demerger of our realty division, we have sharpened our strategic focus on infrastructure and power, two sectors at the heart of India's growth.

In a year marked by global uncertainty, ranging from regulatory changes and commodity price volatility to geopolitical developments-we remained steadfast. Our infrastructure division is actively driving urban development and connectivity, while our power vertical is making significant headway in clean and reliable energy, aligning with our commitment to sustainability and innovation.

"Going Together and Growing Together"- this simple yet profound philosophy continues to guide our actions. We believe that progress is most meaningful when it is shared with our employees, partners, communities, and most importantly, you, our shareholders.

Our financial performance reflects a disciplined

transition and a strong foundation for scalable growth. We are entering the next phase with clarity, capability, and an unwavering commitment to excellence.

Looking ahead, we are well-positioned to capitalize on India's infrastructure and energy transformation. With continued government impetus on capital expenditure, clean energy, and connectivity, we see immense opportunity to contribute meaningfully.

I extend my heartfelt thanks to our shareholders for your continued trust, and to our employees, Board, partners, and customers. Your dedication and belief continue to fuel our journey.

Together, let us move forward with purpose and grow with conviction, creating enduring value for our stakeholders today, and for generations to come.

MESSAGE FROM MANAGING DIRECTOR

Dear Stakeholders,

Financial Year 2025–26 has been a defining year in the evolution of RDB Infrastructure and Power Limited (formerly known as RDB Realty & Infrastructure Limited). It has been a year of strategic transition, renewed focus and decisive action as we strengthen our infrastructure platform while laying the foundation for our next phase of growth in power and renewable energy.

As Managing Director, my responsibility is to ensure that our vision translates into disciplined execution, that strategic intent converts into measurable outcomes, and that every opportunity we pursue contributes to sustainable, long-term value creation.

Our infrastructure business remains at the core of the Group's capabilities. During the year, we continued to focus on strengthening project execution, improving operational efficiency and delivering our commitments with greater discipline. Infrastructure is not merely about building physical assets; it is about creating connectivity, enabling economic activity, generating employment and contributing to the development of communities and the nation.

At the same time, we are strategically expanding our presence in the power and renewable energy sector, with solar energy emerging as a key pillar of our future growth. Our focus extends across Solar EPC and Independent Power Generation (IPP), enabling us to participate in the development and operation of renewable energy projects. We are also progressing towards solar cell manufacturing, with the objective of building capabilities further upstream in the solar value chain. This represents an important step in our evolution and reflects our

Delivering Growth
with Purpose*

conviction in the long-term structural opportunity presented by India's transition towards clean and sustainable energy.

We believe that the convergence of infrastructure and renewable energy presents a significant opportunity for RDB. India's growing energy requirements, increasing emphasis on domestic manufacturing and the transition towards cleaner sources of power provide a strong foundation for our strategic direction. Our approach will remain focused on building capabilities progressively, deploying capital prudently and pursuing opportunities where we can create sustainable competitive advantages.

Financial discipline will remain central to our growth strategy. We will continue to focus on prudent capital allocation, stronger internal processes, operational efficiency and financial resilience. Our objective is not growth at any cost, but profitable and sustainable growth supported by strong execution and disciplined risk management.

As we look ahead, our ambition is clear — to build RDB Infrastructure and Power Limited into a diversified, future-ready infrastructure and energy enterprise, combining our established infrastructure capabilities with emerging opportunities in renewable energy and solar manufacturing.

I would like to express my sincere appreciation to our investors, lenders, customers, business partners and all our stakeholders for their continued trust and support. Most importantly, I thank our employees and leadership teams whose commitment, integrity and execution continue to drive our progress.

The journey ahead is ambitious, but so is our conviction. We will continue to challenge ourselves, embrace new opportunities and execute with purpose creating lasting value for our stakeholders while contributing meaningfully to India's infrastructure and clean energy future.

Let's continue "Going Together and Growing Together".

Further, Regulation 23 of the Listing Regulations mandates that all related party transactions shall require prior approval of the Audit Committee, and that all material related party transactions (individually or taken together with previous transactions during a financial year, exceeding the materiality threshold prescribed under SEBI LODR, shall require prior approval of the members of the Company through a resolution, with all related parties abstaining from voting on such resolutions, whether the entity is a related party to the particular transaction or not.

The proposed transactions comprise of granting/providing loans to the related parties mentioned below, up to the respective amounts specified in the resolution, during the financial year 2026-27 and/or such period as may be approved by the Members. The aggregate value of the proposed transactions with the above related parties shall not exceed ₹140 crore during the relevant period. The details of the proposed transactions, as required under the applicable provisions of the Companies Act, 2013, the Listing Regulations, and the RPT Industry Standards are set out in resolution and explanatory statement hereto. Also, the proposed transactions are intended to be undertaken on such terms and conditions as may be mutually agreed between the Company and the respective related parties and in accordance with applicable laws, including the provisions of the Companies Act, 2013, the Listing Regulations and the Company’s Related Party Transaction Policy.

The Audit Committee of the Company has reviewed and approved/recommended the proposed Related Party Transactions in accordance with the applicable provisions of the Listing Regulations and the Company’s Related Party Transaction Policy.

The Board of Directors has considered the proposed transactions and is of the view that the transactions are in the interest of the Company and its stakeholders. The proposed transactions are being undertaken for legitimate business and funding requirements of the respective related parties and are expected to be undertaken on commercial terms and in compliance with applicable statutory and regulatory requirements.

The Promoter Directors and/or Key Managerial Personnel of the Company, to the extent they are connected or interested in the aforesaid related parties, may be deemed to be concerned or interested, financially or otherwise, in the proposed transactions.

Accordingly, the Board of Directors recommends the aforesaid approval by way of Special Resolution as set out at Item No. 3 of the accompanying Notice of the AGM.

The following minimum information is being provided pursuant to the RPT Industry Standards as required under Section III-B of the SEBI Master Circular dated 11th November, 2024, as modified by SEBI Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2025/93 dated 26th June, 2025 read with SEBI Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2025/135 dated 13th October, 2025.

Item No. 4

In terms of the provisions of Section 186 of the Companies Act, 2013 ("Act") and rules made thereunder, no Company shall directly or indirectly, without prior approval by means of a special resolution passed at a general meeting, give any loan to any person or other body corporate or give guarantee or provide security in connection with a loan to any other body corporate or person and acquire by way of subscription, purchase or otherwise the securities of any other body corporate,

NOTICE (Contd.)

exceeding 60% of its paid up share capital, free reserves and securities premium account or 100% of its free reserves and securities premium account, whichever is more.

It is to be noted that in terms of the proviso to Section 186(11)(a) of the Act, the provisions of Section 186 (except sub-section (1)) shall not apply to loans made, guarantees given, securities provided, or investments made by an infrastructure company (as defined in Schedule VI to the Act). Accordingly, the Company being engaged in infrastructure activities is exempt from the applicability of Section 186 of the Act. However, as a measure of good corporate governance and transparency, the Board considers it appropriate to seek the approval of the Members by way of a special resolution.

Hence, consent of the Members is being sought by way of a special resolution to make investment or to give loan/guarantee or provide security to other body corporate upto Rs. 250 Crores (Rupees Two Hundred Fifty Crores only), in excess of limits specified under Section 186 of the Companies Act, 2013, as set out at Item No. 4 of this Notice.

None of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution as set out at Item No. 4 of the accompanying Notice of the AGM. Accordingly, the Board of Directors recommends the aforesaid approval by way of Special Resolution as set out at Item No. 4 of the accompanying Notice of the AGM.

Item No. 5

In accordance with the provisions of Section 148 of the Companies Act, 2013 ("the Act") read with the Companies (Audit and Auditors) Rules, 2014, as amended, the remuneration payable to the Cost Auditor is required to be ratified by the members of the Company.

ANNEXURE TO THE DIRECTORS' REPORT

Annexure 1

PARTICULARS AS REQUIRED UNDER SECTION 134(3)(M) OF THE COMPANIES ACT, 2013 READ WITH RULE 8(3) OF THE COMPANIES (ACCOUNTS) RULES, 2014

A. CONSERVATION OF ENERGY

(i) The steps taken or impact on conservation of energy:

The Company recognizes the importance of energy conservation and efficient utilization of energy resources. During the year under review, the Company continued to evaluate and implement appropriate measures for efficient utilization of electricity and other energy resources across its operations.

With the Company's increasing focus on renewable energy, including its activities in the Solar Engineering, Procurement and Construction ("EPC") and Independent Power Producer ("IPP") segments, the Company remains committed to promoting efficient and sustainable utilization of energy. The Company continues to evaluate the adoption of energy-efficient equipment, optimization of energy consumption and other appropriate energy conservation measures, wherever commercially and operationally feasible.

(ii) The steps taken by the Company for utilizing alternate sources of energy:

The Company has expanded its business activities into the renewable energy sector, including Solar EPC and IPP activities, with a focus on solar energy as a clean and sustainable source of power.

As part of its renewable energy strategy, the Company has also undertaken steps towards developing solar power generation projects, including the takeover of a partnership firm in Uttar Pradesh for undertaking a solar power project associated with a Power Purchase Agreement ("PPA") of approximately 6.3 MW with Uttar Pradesh Power Corporation Limited ("UPPCL"), subject to applicable approvals and completion of the requisite processes.

Further, the Company has invested in a company which is undertaking the development of a solar cell manufacturing facility. Land for the proposed facility has been acquired and the project is currently under development. The proposed facility is expected to contribute towards the development of domestic solar manufacturing capabilities and support greater integration across the renewable energy value chain.

These initiatives reflect the Company's continued focus on renewable energy and its objective of developing an integrated presence across the solar energy value chain.

(iii) The capital investment on energy conservation equipment:

During the year under review, the Company did not incur any material capital expenditure specifically towards energy conservation equipment.

B. TECHNOLOGY ABSORPTION

(i) The efforts made towards technology absorption:

The Company continues to evaluate and adopt appropriate technologies and processes relevant to its business operations, particularly in the renewable energy sector.

With the Company's expansion into Solar EPC and IPP activities, the Company is developing capabilities in solar project development, engineering, procurement, construction, project execution, operation and maintenance and other related renewable energy activities.

The Company has also invested in a company undertaking the development of a solar cell manufacturing facility. The project is currently under development, with land having been acquired for the proposed facility. The relevant solar cell manufacturing technologies, plant and machinery and technical processes are being evaluated and progressed as part of the project development process. The Company continues to monitor technological developments in the solar manufacturing sector with a view to supporting operational efficiency, quality, productivity and competitiveness.

(ii) The benefits derived like product improvement, cost reduction, product development, import substitution, etc.:

The Company's expansion into renewable energy activities is expected to strengthen its capabilities in the Solar EPC and IPP segments, improve project execution efficiency and support optimization of project costs.

The proposed solar cell manufacturing facility is expected to facilitate the development of domestic solar cell manufacturing

ANNEXURE TO THE DIRECTORS' REPORT

capabilities and greater integration across the solar value chain. The project may also provide opportunities for product development, cost optimization and reduction in dependence on externally sourced solar cells, subject to successful implementation and commencement of commercial operations.

(iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

a) **Details of technology imported:** Nil.

b) **Year of import:** Not Applicable.

c) **Whether the technology has been fully absorbed and if not, areas where absorption has not taken place and the reasons thereof:** Not Applicable.

(iv) The expenditure incurred on Research and Development:

During the year under review, the Company did not incur any expenditure specifically towards Research and Development activities.

C. FOREIGN EXCHANGE EARNINGS AND OUTGO

(i) Foreign Exchange earning in terms of actual inflows during the year: Nil

(ii) Foreign Exchange outgo during the year in terms of actual outflows: Nil

Independent Directors

The Company has received confirmations from all its Independent Directors affirming that they meet the criteria of independence as prescribed under the Act and SEBI Listing Regulations. Furthermore, each Independent Director has confirmed that their name is duly registered in the databank maintained by the Indian Institute of Corporate Affairs, in accordance with the applicable provisions.

CORPORATE GOVERNANCE REPORT (Contd.)

Based on the declarations received and after undertaking due verification, the Board of Directors have assessed and confirmed that all Independent Directors fulfil the conditions of independence as specified under the Act and the SEBI Listing Regulations and are independent of the management of the Company.

All Independent Directors have been appointed in compliance with the provisions of the Act and the SEBI Listing Regulations. During the period under review, Mr. Samprati Kamdar (DIN: 09615765) had resigned from the post of Independent Director of the Company prior to completion of his respective term, due to personal commitments and preoccupation with other responsibilities. He had also confirmed that there were no other material reasons for his resignation other than those stated above. Apart from this, there has been no instance of resignation of any Independent Director prior to the completion of their respective term.

Familiarization Programmes for Independent Directors

In compliance with Regulation 25(7) of the SEBI Listing Regulations, the Independent Directors are familiarized with the Company through various programmes that provide them with a comprehensive understanding of the nature of the industry in which the Company operates, the Company's business model, and the roles, rights, and responsibilities of Independent Directors. These programmes also cover any other relevant information to ensure that the Independent Directors are well-informed. The details of the familiarization programmes conducted during the year, as required under Regulation 46 of the Listing Regulations, are available on the website of the Company and can be accessed at the following link: <https://www.rdbindia.com/wp-content/uploads/2026/04/Familiarization-Programme-for-Independent-Director.pdf>

Separate Meeting of Independent Directors

In terms of the compliance of Schedule IV of the Act, SEBI Listing Regulations and Secretarial Standard – 1 on Meetings of the Board of Directors, the Independent Directors of the Company shall hold at least one meeting in a year, without the attendance of Non-Independent Directors. Accordingly, the Independent Directors Meeting were held on 13th February, 2026 and 14th March 2026.

The Independent Directors, inter alia, discussed and reviewed performance of Non-Independent Directors, the Board as a whole, Chairperson of the Company and assessed the quality, quantity and timeliness of flow of information between the Company's management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

Code of Conduct

The Company remains steadfast in its commitment to conducting its business with the highest standards of ethics, integrity and legal compliance. The Company believes that robust corporate governance not only facilitates value creation but also establishes effective accountability and control mechanisms aligned with the nature and extent of business risks. In pursuit of this objective, the Board of Directors have adopted a comprehensive Code of Conduct for Directors and Senior Management, which outlines the principles of ethical and professional conduct expected from them. All Directors and Senior Management Personnel have affirmed compliance with the said Code during the financial year under review and a declaration to this effect, duly signed by the Chairperson and Whole-time Director of the Company, forms part of this Report and is annexed as **Annexure 3A**.

CEO and CFO Certification

Mr. Rajeev Kumar, Chairperson & Whole Time Director and Mr. Ramakant Asopa, Chief Financial Officer of the Company have jointly furnished an annual certification on financial reporting and internal controls to the Board in terms of Regulation 17(8) of the SEBI Listing Regulations and is attached to this report as **Annexure 3B**.

COMMITTEES OF THE BOARD

The Company has constituted various Board-level Committees with the formal approval of the Board to ensure effective governance and enhanced accountability. These Committees are entrusted with responsibilities in specific functional areas and are mandated to provide focused oversight and recommendations in accordance with their respective terms of reference as approved by the Board.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Annexure 3E

INDUSTRY STRUCTURE & DEVELOPMENTS

The financial year 2025-26 unfolded against a backdrop of global economic uncertainty, characterized by elevated interest rates, persistent geopolitical tensions and growing climate-related disruptions. Although inflationary pressures have started to recede in many advanced economies due to assertive monetary tightening by central banks, global economic growth remains modest. According to the International Monetary Fund (IMF), the global GDP is projected to grow at 3.3% in both 2025 and 2026, underscoring the cautious pace of recovery amid financial market stress, policy constraints, and lingering after effects of the COVID-19 pandemic.

Amid these global headwinds, India stands out as a beacon of resilience and growth. Supported by strong domestic consumption, sustained capital investments and government-led infrastructure spending, India continues to outperform major economies. The National Statistical Office (NSO) estimates India's real GDP growth at 6.5% for financial year 2025-26, with IMF projections affirming continued momentum at 6.2% in 2025 and 6.3% in 2026. These projections reaffirm India's position as the fastest-growing large economy, far outpacing the global average.

Infrastructure Sector Overview

India's infrastructure sector has been a key pillar of its economic strategy, receiving unprecedented policy attention and budgetary support. The Union Budget 2024-25 allocated a record Rs. 11.11 lakh crore towards capital expenditure, equivalent to 3.4% of GDP. This marks a consistent upward trend from 3.3% in financial year 2024, reflecting a sustained government push to modernize infrastructure and stimulate long-term growth. Strategic initiatives such as the National Infrastructure Pipeline (NIP) and PM Gati Shakti are enhancing project execution efficiency, streamlining logistics and catalyzing investments across transport, urban development and utility sectors.

Key developments in the infrastructure domain include the construction of 74 new airports over the past nine years, expansion of road and rail networks and the integration of digital technologies in planning and monitoring large-scale projects. These initiatives are fostering the emergence of smart, resilient and connected cities and improving regional connectivity, laying the groundwork for a new era of infrastructure led growth.

Power Sector Transformation

Simultaneously, India's power sector is undergoing a green transformation, driven by ambitious renewable energy goals and supportive policy frameworks. According to the Ministry of New and Renewable Energy, cumulative renewable energy capacity, including large hydro, stood at approximately 288.59 GW as at 31st March, 2026. Solar energy remains a major contributor to this expansion.

This growth trajectory aligns with India's broader commitment to achieving 500 GW of non-fossil fuel capacity by 2030, in line with its Paris Agreement targets. Investment in transmission infrastructure, grid modernization, and energy storage systems continues to gain momentum, ensuring stable integration of intermittent renewable sources and facilitating the electrification of transport and industrial sectors.

Company Strategic Realignment

In response to these transformative shifts in the macroeconomic and sectoral landscape, RDB Infrastructure and Power Limited underwent a significant strategic realignment during financial year 2025-26. The Company completed the demerger of its real estate division into a separate entity, enabling sharper operational focus and optimized capital allocation. Concurrently, we repositioned ourselves through the introduction of a dedicated power vertical and rebranded the Company to reflect our broader ambitions across infrastructure and energy sectors.

This restructuring marks a deliberate pivot towards sectors at the forefront of national development and sustainability imperatives. With this renewed focus, RDB Infrastructure and Power Limited are now strategically placed to capitalize on integrated opportunities spanning energy-efficient infrastructure and urban transformation.

Our forward-looking approach, anchored in execution excellence, sustainable development and value creation, will continue to support India's growth aspirations while ensuring long-term returns for all our stakeholders.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

OPPORTUNITIES AND THREATS

Opportunities

i. Participation in High-Value Infrastructure Projects

With 58% of National Infrastructure Pipeline (NIP) investments directed toward the transportation sector including roads, railways and urban mobility, the Company sees strong potential to engage in EPC (Engineering, Procurement, and Construction) and allied services, especially in emerging Tier II and III cities where infrastructure expansion is accelerating.

ii. Renewable Energy Growth and Electrification

India's renewable energy sector has grown to 209.44 GW as of December 2024, with robust policy support targeting 500 GW of non-fossil fuel capacity by 2030. RDB's entry into the power sector opens avenues in solar and wind EPC projects, grid integration, and hybrid energy systems. Additionally, the shift toward transport electrification offers synergy between our infrastructure and energy businesses.

iii. Public-Private Partnerships (PPPs)

With 22% of the NIP investment expected from the private sector, there is a clear push for PPP models. RDB Infrastructure and Power Limited is well-positioned to participate in such ventures by leveraging its project execution capabilities and financial structuring expertise.

Threats

i. Cybersecurity Risks in Power Infrastructure

The increasing integration of renewable energy sources and digital technologies in India's power grid exposes the sector to heightened cybersecurity threats. The Union Minister for Power and New & Renewable Energy has emphasized the need for Grid-India to adequately prepare for these challenges to ensure the stability and security of the power infrastructure.

ii. Transmission Infrastructure Bottlenecks

To achieve the target of 500 GW renewable energy capacity by 2030, India needs to invest approximately Rs. 8.2 trillion in expanding its transmission infrastructure. Challenges such as delays in power purchase agreements and lack of evacuation infrastructure could impede the timely deployment of renewable energy projects.

iii. Geopolitical Tensions Affecting Water Resources

Recent geopolitical tensions between India and Pakistan over the Indus Waters Treaty have raised concerns about the security of water resources. The suspension of the treaty could impact water availability for agriculture and power generation, particularly in regions dependent on river systems shared with neighbouring countries.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

During the financial year 2025-26, the Company operated primarily in two segments- Infrastructure and Power, following the demerger of the real estate business in the previous year. The infrastructure segment remained the core revenue driver. Efficient project management and digital monitoring tools enabled timely delivery despite supply chain challenges, contributing to year-on-year growth in both revenue and profitability.

Strengths • Offer robust channel to cover urban and rural areas • Good returns on capital invested	Weakness • Highly competitive • Limited investment on new technology
Opportunities • Participation in High-Value Infrastructure Projects • Renewable Energy Growth and Electrification	Threats • Transmission Infrastructure Bottlenecks • Cybersecurity Risks in Power Infrastructure

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

The Power segment, introduced this year as part of the Company's strategic expansion, is in its early development phase. Initial efforts were directed toward setting up renewable energy projects, particularly in solar power, with feasibility studies, land acquisition, and regulatory approvals underway. A significant milestone was the Company being awarded a solar power project by Damodar Valley Corporation (DVC), marking its entry into utility-scale renewable energy execution. Additionally, the Company also initiated collaboration with technology partners for hybrid power solutions and transmission infrastructure. While revenue contribution from this segment was limited during the year, it is expected to scale significantly in the coming years, positioning the Company as an integrated player in India's energy transition.

OUTLOOK

India's economic trajectory continues to remain robust despite global uncertainties, driven by strong fundamentals, policy continuity, and a sharp focus on infrastructure-led growth. The Government's commitment to high capital expenditure, backed by initiatives such as the National Infrastructure Pipeline, PM Gati Shakti, and increased allocations in the Union Budget 2024–25, provides a strong foundation for sustained demand in the infrastructure sector. Against this backdrop, the Company is well-positioned to leverage its execution capabilities, domain expertise, and strategic partnerships to expand its presence in roads, transport, and urban utilities.

The outlook for the power sector is equally promising, with rising energy demand, ambitious renewable targets, and growing investments in green infrastructure creating long-term growth opportunities. The Company's entry into the power segment—particularly renewable energy and transmission infrastructure—aligns with national priorities such as energy transition, decarbonization, and grid modernization. As our power projects move from planning to execution stages, we anticipate this segment to evolve into a key contributor to our revenue and margins. The Company remains focused on innovation, sustainability, and financial prudence while building a resilient, diversified portfolio that supports India's growth ambitions and delivers long-term value to all stakeholders.

RISKS AND CONCERNS

The Company has established a structured and proactive risk management framework to identify, assess, monitor, and mitigate key business risks across its infrastructure and power operations. The Board of Directors is regularly briefed on risk assessments and minimization strategies to ensure informed decision-making and business continuity.

With the realignment of focus toward infrastructure and renewable energy, the Company faces sector-specific and macroeconomic risks, including:

- Volatility in commodity prices (steel, cement, fuel) impacting project costs and margins;
- Regulatory changes in power tariffs, land acquisition laws, and energy transition policies;
- Delays in statutory approvals, clearances, and utility permissions, affecting project timelines;
- Rising interest rates and currency fluctuations, increasing the cost of capital and imported components;
- Execution risks related to complex, capital-intensive infrastructure and power projects;
- Cybersecurity threats to digitally integrated power assets and smart grid infrastructure;
- Transmission constraints and grid instability impacting renewable energy evacuation;
- Extreme weather events due to climate change disrupting operations and construction schedules.

While competition in the infrastructure space remains intense and government-dependent, the Company's focus on execution efficiency, geographic diversification, and partnerships with public and private sector players helps mitigate concentration risks. In the power segment, the Company is investing in risk-resilient technologies and regulatory engagement to navigate early-stage uncertainties. Strategic planning, rigorous internal controls, and a commitment to ESG standards are integral to the Company's approach to sustainable and risk-aware growth.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company continues to maintain a robust and well-integrated internal control system, designed to ensure the safeguarding of assets, the accuracy and reliability of financial records, and compliance with applicable laws and regulations. As the Company transitions into infrastructure and power segments, internal control processes have been realigned to reflect the evolving risk profile, operational complexity, and regulatory landscape of these sectors.

A comprehensive, risk-based internal audit programme, reviewed by both management and the Audit Committee, assesses

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

the effectiveness of internal controls across operational, financial, and compliance functions. These audits are conducted by a dedicated internal audit team supported by external professionals where necessary. Any observed control gaps or process inefficiencies are promptly communicated to the respective departments and addressed through corrective action plans. During the year, no material weaknesses or significant deficiencies were reported in the design or operation of internal controls.

The Company's internal control framework remains commensurate with its size, nature, and operational complexity. It comprises a well-defined organizational structure, documented policies and procedures, authority delegation matrices, and clearly articulated roles and responsibilities. Internal controls are also an integral component of the Company's corporate governance structure, ensuring operational efficiency, accurate financial reporting, and full regulatory compliance.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The financial year 2025-26 was a year of continued strategic transformation for the Company, marked by a sharper focus on infrastructure and power sectors following the demerger of the real estate business. Despite facing global economic challenges, including inflationary pressures and geopolitical uncertainties, the Company was able to maintain strong operational performance and deliver stable financial results.

The financial highlight including the operational performance of the Company is stated hereunder, in brief:

(Rs. In Lakhs)		
Particulars	2025-26	2024-25
Total Revenue from Operations	12,769.48	10,770.76
EBITDA	1,839.46	1,171.92
PAT	1252.44	553.71
Basic EPS	0.64	0.32

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The Company continues to be led by a team of competent and passionate leaders, supported by a vibrant workforce that is essential to its growth, particularly in the evolving infrastructure and power sectors. We remain committed to fostering a culture of transparency, open communication, and collaboration across all levels, which is fundamental to the Company's values and operational success. The workforce, comprising 12 (Twelve) employees at the end of financial year 2025-26, is an ideal mix of experienced professionals and young, dynamic talent, bringing a blend of innovative ideas and practical expertise to the Company's strategic initiatives.

The Company's HR focus is to unlock the full potential of its people by developing their functional, operational, and behavioral competencies. In line with this vision, the Company has prioritized skill development, particularly in power sector technologies, renewable energy solutions, project management, and smart grid infrastructure. To ensure that employees are well-equipped to manage complex, high-value projects and deliver them within target schedules, the Company has implemented extensive training programs, leadership development initiatives, and mentorship opportunities.

At the core of RDB Group's philosophy is the belief that professionals are its most valuable asset. As part of this commitment, the Company continues to invest in its workforce's growth and development, creating a positive and inclusive work environment that nurtures continuous learning, innovation, and excellence. This strategic focus on employee development is crucial not only for individual success but also for achieving organizational goals and sustaining long-term growth, particularly as we expand into the power sector. The Company's culture promotes a collaborative spirit, employee engagement, and a strong focus on safety and well-being, especially in the challenging environments of infrastructure development and power generation.

- (j) Building and Other Construction Workers' (Regulation of Employment and Conditions of Services Act, 1996;
- (k) Relevant Pollution Laws;
- (l) The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

I have also examined compliance with the applicable clauses of the following:

Secretarial Standards issued and mandated by the Institute of Company Secretaries of India;

- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as applicable to BSE and CSE listed entities;

During the period under review and as per the explanations and representations made by the management and subject to clarifications given to me, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. During the year under review, the following changes took place in the composition of Board of Directors of the Company:

- a. Mr. Samprati Kamdar (DIN: 09615765) ceased to act as a Non-executive Independent Director of the Company w.e.f. 10th September, 2025.
- b. Mr. Amit Kumar Goyal (DIN: 05292585) ceased to act as a Managing Director of the company w.e.f. 10th December, 2025.

Apart from the above, there were no changes in the composition of the Board of Directors that took place during the year under review.

I further report that Mr. Amit Kumar Goyal (DIN: 05292585), had tendered his resignation from the post of Chief Financial Officer (Key Managerial Personnel) of the Company w.e.f. the closure of business hours on 10th December, 2025. Further, Mr. Aman Sisodia was appointed as the Chief Financial Officer (CFO) and Key Managerial Personnel (KMP) of the Company w.e.f. 14th March, 2026.

ANNEXURE TO THE DIRECTORS' REPORT (Contd.)

I further report that the Board of Directors at its Meeting held on 19.05.2025 approved the issuance of a corporate guarantee of ₹22.50 Crores in favour of RDB Real Estate Constructions Limited. However, no disclosure of the said event was made.

I further report that as per SEBI Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated 11th November, 2024 – In the disclosure relating to allotment of shares pursuant to conversion of securities, the required point relating to “any cancellation or termination of proposal for issuance of securities along with reasons thereof is not mentioned. The management informed that the same was missed inadvertently.

I further report that as per SEBI Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated 17th May, 2023, every listed company shall issue securities in dematerialized form only, in case of Investor Service Requests. For this purpose, a Suspense Escrow Demat Account was required to be obtained for the purpose of issuance of Securities in dematerialized form in case of investor service requests. With regard to the same, the management has informed us that the Company is in the process of opening the aforesaid account.

I further report that as per SEBI Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/70 dated 25th May, 2022; every listed company shall take special contingency insurance policy from the insurance company towards the risk arising out of the requirements relating to issuance of duplicate securities in order to safeguard and protect the interest of the listed company.

I further report that during the period under review, BSE Limited imposed a fine of ₹6,80,000/- plus 18% GST (₹1,22,400/-), aggregating to ₹8,02,400/-, for non-compliance with SEBI Circular SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, in relation to delay in making application for trading approval of 47,50,000 equity shares issued on preferential basis.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the Meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the Minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

This Report is to be read with my letter of even date which is annexed as “**Annexure A**” and forms an integral part of this Report.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
RDB INFRASTRUCTURE AND POWER LIMITED
(FORMERLY KNOWN AS RDB REALTY & INFRASTRUCTURE LIMITED)

Report on the Audit of the Financial Statements

Opinion

- We have audited the accompanying financial statements of **RDB INFRASTRUCTURE AND POWER LIMITED (formerly known as RDB REALTY AND INFRASTRUCTURE LIMITED)** ("the Company"), which comprise the Balance Sheet as at 31st March 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows, the Statement of Changes in Equity and notes to the financial statements for the year ended on that date including a summary of significant accounting policies and other explanatory information (herein after referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion Paragraph of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit (including Other Comprehensive Income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

- We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

- Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matter	Auditor's Response
1	Revenue recognition – accounting for construction contracts There are significant accounting judgements including estimation of costs to complete, determining the stage of completion and the timing of revenue recognition. The Company recognises revenue and profit/loss on the basis of stage of completion based on the proportion of contract costs incurred at balance sheet date, relative to the total estimated costs of the contract at completion. The recognition of revenue and profit/loss therefore rely on estimates in relation to total estimated costs of each contract. Cost contingencies are included in these estimates to take into account specific uncertain risks, or disputed claims against the Company, arising within each contract. These contingencies are reviewed by the Management on a regular basis throughout the contract life and adjusted where appropriate.	Principal Audit Procedures In responding to the identified key audit matter, we completed the following audit procedures: • Testing of the design and implementation of controls involved for the determination of the estimates used as well as their operating effectiveness; • Testing the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard; • Testing a sample of contracts for appropriate identification of performance obligations; • For the sample selected, reviewing for change orders and the impact on the estimated costs to complete; • Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings

INDEPENDENT AUDITOR'S REPORT (Contd.)

Emphasis of Matters

4. Attention is invited to Note 40 (v) to the standalone financial Statement regarding accounting treatment of the Anjana Project transaction, pursuant to which profit before tax includes an exceptional gain of Rs. 2.49 crore arising from disposal of the project by way of slump sale on a going concern basis. The matter relates to presentation and classification of the transaction amount.

Our opinion is not modified in respect of this matter.

Other Information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis; Board's Report including Annexures to Board Report, Corporate Governance and Shareholders' Information but does not include the financial statements and our auditor's report thereon. The aforesaid documents are expected to be made available to us after the date of this auditor's report.
6. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
8. When we read the aforesaid documents, if we conclude that there is a material misstatement therein, we are required to communicate the matters to those charged with governance.

Management's Responsibility for the Financial Statements

9. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
10. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
11. The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from

INDEPENDENT AUDITOR'S REPORT *(Contd.)*

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
 17. Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

Report on Other Legal and Regulatory Requirements

18. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure-A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
19. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income) and the Cash Flow Statement, Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2026 from being appointed as a

INDEPENDENT AUDITOR'S REPORT (Contd.)

director in terms of Section 164 (2) of the Act;

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

According to the information and explanations given to us and the records of the Company examined by us, the managerial remuneration paid or provided is in within the prescribed limits mandated by the provisions of section 197 read with Schedule V of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company does not have any pending litigations which would impact its financial position.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d.
 - (i) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (ii) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
 - e. The Company has neither proposed any dividend in the previous year or in the current year nor paid any interim dividend during the year.
 - f. Based on our examination which included test checks, the company has used accounting software for maintaining its books of account for the financial year ended March 31, 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

To the Members of RDB INFRASTRUCTURE AND POWER LIMITED (FORMERLY KNOWN AS RDB REALTY AND INFRASTRUCTURE LIMITED)

[Referred to in paragraph 18 of the Auditors' Report of even date]

- i. (a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
(B) The Company does not have any intangible assets.
- (b) The Property, Plant and Equipment of the Company have been physically verified by the management during the year and no material discrepancies between the book records and the physical inventory have been noticed. In our opinion, the frequency of verification is reasonable.
- (c) According to the information and explanations given to us and the records of the company examined by us, the company does not have any immovable property.
- (d) According to the information and explanations given to us and the records of the company examined by us, the Company has not revalued any of its Property, Plant and Equipment during the year.
- (e) According to the information and explanations given to us no proceeding has been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. No discrepancies were noticed on verification between the physical inventory and book records that were more than 10% in aggregate of each class of inventory.
- (b) According to the information and explanations given to us and the records of the company examined by us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. As per the information provided to us, it was noted that filing of quarterly returns and statements by the Company with such banks or financial institutions are not required.
- iii. (a) According to the information and explanations given to us and based on the audit procedures conducted by us, the Company has granted unsecured loans to subsidiary companies, which are parties covered in the register maintained under section 189 of the Companies Act, 2013. The terms and conditions of these loans in our opinion are not prima-facie prejudicial to the interests of the Company.
(A) the aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans to subsidiaries are given as follows –

Relationship with the Company	Aggregate amount given during the year (Rs. in Lakhs) (excluding interest)	Balance outstanding at the balance sheet date (Rs. in Lakhs) (excluding interest)
Subsidiary	1,008.00	1,008.00

- (B) The Company has granted unsecured loans to other parties during the year and the summarized detail of the same has been depicted in the following table –

(Rs. in Lakhs)

	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount granted/provided during the year			14,851.82	
Balance outstanding as at balance sheet date in respect of above cases			13,283.73	

- (b) As the Company is charging interest against these loans; the terms and conditions of these loans in our opinion are not prima-facie prejudicial to the interests of the Company.
- (c) There is no stipulation regarding recovery of loans as these loans are repayable on demand.
- (d) The aforesaid loans being repayable on demand, there is no amount overdue for more than ninety days in respect of recovery of principal and interest of the above loans.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

- (e) Since all the above loans are repayable on demand, reporting under this clause is not applicable.
- (f) According to information and explanation given to us and records of the Company examined by us, the details of loans given during the year that are repayable on demand are as per details given below loans to the total

	All Parties	Promoters	Related Parties
Aggregate amount of loans/ advances in nature of loans - Repayable on demand (A)	15,859.82		1,008.00
- Agreement does not specify any terms or period of repayment (B)			
Total (A+B)	15,859.82		1,008.00
Percentage of loans/advances in nature of loans to the total loans	100%		100%

- iv. According to the records of the company examined by us and according to the information and explanations given to us, in our opinion the company has not granted any loan to any parties covered u/s 185 of the Companies Act, 2013. Further loan granted u/s 186 of the Companies Act, 2013 are in compliance with the relevant section. The company has not given any guarantees or security nor has made any investments covered under the provisions of section 185 and 186 of the Companies Act, 2013.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of Sections 73 to 76 of the Act and the rules framed there under. Further, no orders have been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal which could impact the Company.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, carried out any detailed examination of such records and accounts.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues including provident fund, income-tax, goods and service tax, duty of customs, cess and any other statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income tax, value added tax and sales tax as at 31st March 2026 which has not been deposited on account of any dispute.
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) According to the information and explanations given to us and the records of the Company examined by us, the Company has not defaulted in repayment of loans or in the payment of interest to lenders during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the information and explanations given to us and the records of the Company examined by us, the Company has applied the term loans for the purpose for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) According to the information and explanations given to us the Company has not taken any funds from any entity or person on account of or to meet the obligations its subsidiaries or joint ventures, hence reporting under this clause is not applicable.
- (f) According to the information and explanations given to us the Company has not raised loans during the year on the pledge of securities held in its any subsidiaries or joint ventures, hence reporting under this clause is not applicable.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under this clause is not applicable.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

- (b) During the year, the Company has converted share warrants and made allotment of equity shares on a preferential basis to certain persons/entities in accordance with Section 62(1)(c) of the Companies Act, 2013. Based on our examination and verification of the relevant records, we report that the provisions of Sections 42 and 62 of the Companies Act, 2013 have been duly complied with in respect of such issue and allotment, and the funds raised pursuant thereto have been used for the purposes for which they were raised.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) According to the information and explanations given to us and the records of the Company examined by us, the Company has not received any complaints from any whistle-blower during the year (and up to the date of this report) and hence reporting under this clause is not applicable.
- xii. The Company is not a Nidhi Company and hence reporting under this clause is not applicable.
- xiii. According to the information and explanations given to us and the records of the Company examined by us, the Company has complied with the requirements of sections 177 and 188 of the Act with respect to its transactions with the related parties. Pursuant to the requirement of the applicable Accounting Standard, details of the related party transactions have been disclosed in Note 34 of the financial statements for the year under audit.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

**To the Members of RDB INFRASTRUCTURE AND POWER LIMITED
(FORMERLY KNOWN AS RDB REALTY AND INFRASTRUCTURE LIMITED)**

[Referred to in paragraph 19(f) of the Independent Auditor's Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub –sections 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. We have audited the internal financial controls over financial reporting of **RDB INFRASTRUCTURE AND POWER LIMITED (formerly known as RDB REALTY AND INFRASTRUCTURE LIMITED)** (“the Company”) as of 31st March, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Control

2. The Company's management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the “Guidance Note” and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material Weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedure selected depends on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that
 - 1) Pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - 2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorization of management and directors of company; and
 - 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Inherent Limitations of Internal Financial Control over Financial Reporting

7. Because of inherent limitation of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respect, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the company considering, the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting, issued by ICAI.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

A. Corporate Information

RDB Infrastructure and Power Limited Formerly known as RDB Realty & Infrastructure Limited ("The Company") is a public limited company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) and The Calcutta Stock Exchange (CSE). It is an ISO 9001:2008 certified company, and is one of the leading real estate companies in Eastern India. The Company has a pan India presence with all the necessary infrastructure, manpower, and finance. The registered office of the Company is situated at 8/1, Lalbazar Street, Bikaner Building, 1st Floor, Room No.10, Kolkata-700001.

The principal business activity of the company is in Infrastructure Development, Construction of Runway and Airport and Solar Power Generation. The Company has a strong foothold in all the rapidly growing cities of West Bengal like Asansol, Burdwan, Haldia, Kharagpur, Midnapur and other cities of India including Bhopal, Raipur, Bikaner, Guwahati, Hyderabad, Haridwar, Noida, Cochin, Mumbai and Surat.

B. Summary of Material Accounting Policies

a) Statement of Compliance

The financial statements (separate financial statements) have been prepared on accrual basis in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the provisions of the Companies Act, 2013.

b) Basis of preparation of financial statements

The financial statements have been prepared on historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

The Functional currency of the Company is Indian Rupees. These Financial Information are presented in Indian Rupees.

All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. The normal operating cycle of the company has been considered as 12 months.

Use of estimates:

The preparation of financial statement in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key estimates and assumptions :

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

c) Revenue recognition, contract costs and valuation of unbilled revenue

i Revenue from own construction

In accordance with Ind AS 115 "Revenue from Contracts with customers", Revenue is recognized from construction and service activities based on "Point in time" method and Company is recognizing revenue either after handover of Possession to customer or Registration, whichever is earlier.

ii Revenue from Construction Contracts

In accordance with Ind AS 115 "Revenue from Contracts with customers", Revenue is recognized from construction and service activities based on "over time" method and the Company uses the output method to measure progress of delivery.

When the outcome of individual contracts can be estimated reliably, contract revenue and contract cost are recognized as revenue and expenses respectively by reference to the stage of completion at the reporting date. Costs are recognized as

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

incurred and revenue is recognized on the basis of the actual work certified out of performance obligation at the reporting date.

No margin is recognized until the outcome of the contract can be estimated with reasonable certainty. Provision is made for all known or expected losses on individual contracts once each losses are foreseen.

Revenue in respect of variations to contracts and incentive payments is recognized when it is highly probable and agreed by the customer. Revenue in respect of claim is recognized only if it is highly probable not to reverse in future periods.

- i. Real Estate: Sales is exclusive of GST, if any, net of sales return.
- ii. Revenue from services are recognised on rendering of services to customers except otherwise stated.
- iii. Rental income from assets is recognised for on accrual basis except in case where ultimate collection is considered doubtful. Rental income is exclusive of GST.
- iv. Income from interest is accounted for on time proportion basis taking into account the amount outstanding and the applicable rate of interest.

d) Estimation of net realisable value for inventory property (including land advance)

Inventory property is stated at the lower of cost and net realisable value (NRV).

NRV for completed inventory property is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified by the Company for properties in the same geographical market serving the same real estate segment.

NRV in respect of inventory property under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and an estimate of the time value of money to the date of completion.

With respect to land advance given, the net recoverable value is based on the present value of future cash flows, which depends on the estimate of, among other things, the likelihood that a project will be completed, the expected date of completion, the discount rate used and the estimation of sale prices and construction costs.

e) Property, Plant and Equipment

The cost of an item of property, plant and equipment comprises of its purchase price, any costs directly attributable to its acquisition and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the company incurs when the item is acquired. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to profit or loss during the reporting period in which they are incurred.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

An item of property, plant and equipment and any significant part initially recognized is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the property, plant and equipment is de-recognized.

f) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

g) Borrowing Costs

Borrowing costs attributable to the acquisition or construction of a qualifying asset are carried as part of the cost of such asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the year they are incurred.

h) Depreciation and amortization

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives.

The useful lives estimated for the major classes of property, plant and equipment are as follows:

Depreciation on tangible assets is provided on written down value method over the useful lives of assets estimated by the management and as given in schedule II of The Companies Act, 2013. Depreciation for assets purchased/sold during a period is proportionately charged.

Softwares are amortized over the estimated useful life of 5 years.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

i) Impairment of Non-Financial Assets

The management periodically assesses using external and internal sources, whether there is an indication that both tangible and intangible asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized.

j) Inventories

- i. Constructed properties, shown as work in progress, includes the cost of land (including development rights and land under agreements to purchase), internal development costs, external development costs, construction costs, overheads, borrowing costs, construction materials including material lying at respective sites, finance and administrative expenses which contribute to bring the inventory to their present location and condition and is valued at lower of cost/estimated cost and net realizable value.
- ii. On completion of projects, unsold stocks are transferred to project finished stock under the head "Inventory" and the same is carried at cost or net realizable value, whichever is less.
- iii. Finished Goods – Flats: Valued at cost and net realizable value whichever is less.
- iv. Land Inventory: Valued at lower of cost and net realizable value.

Provision for obsolescence in inventories is made, wherever required.

k) Retirement Benefits

a. Short Term employee benefits

Short term employee benefits such as salaries, wages, bonus, expected cost of ex-gratia etc. are recognised in the period in which the employee renders the related service.

b. Long Term and Post-employment benefits

- i. Defined Contribution Plan: Employee benefits in the form of Employees State Insurance Corporation and Provident Fund are considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss for the period when the contributions to the respective funds are due.
- ii. Defined Benefit Plan: Employee benefits in the form of Gratuity is considered as defined benefit plan and are provided for on the basis of an independent actuarial valuation, using the projected unit credit method, as at the Balance Sheet date as per requirements of Indian Accounting Standard-19 on "Employee Benefits".

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

l) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation if the company has a present obligation as a result of past event and the amount of obligation can be reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Possible future or present obligations that may, but will probably not require outflow of resources or where the same cannot be reliably estimated is disclosed as contingent liability in the financial statement.

m) Taxes on Income

- i. Tax expense comprises both current and deferred tax. Current tax is determined in respect of taxable income for the year based on applicable tax rates and laws.
- ii. Deferred tax Asset/liability is recognized, subject to consideration of prudence, on timing differences being the differences between taxable incomes and accounting income that originates in one year and is capable of reversal in one or more subsequent year and measured using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are not recognized unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets are reviewed at each Balance Sheet date to reassess their reliability.

n) Foreign Currency Transactions

Foreign currency denominated monetary assets and liabilities are translated at exchange rates in effect at Balance Sheet date. The gains or losses resulting from such translation are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency are translated at the exchange rate prevalent at the date of transactions.

Revenue, expense and cash flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of transaction.

o) Segment Reporting

The Company has identified that its operating activity is a single primary business segment viz. Real Estate Development and Services carried out in India. Accordingly, whole of India has been considered as one geographical segment

p) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

q) Cash & Cash Equivalents

Cash and cash equivalents comprises of cash & cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less, which are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management and that are readily convertible to known amounts of cash to be cash equivalents.

r) Financial Instruments

► Financial Instruments –Initial recognition and measurement

Financial assets and financial liabilities are recognized in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets and liabilities at initial recognition. All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

► Financial assets –Subsequent measurement

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

The Subsequent measurement of financial assets depends on their classification which is as follows:

- **Financial assets at fair value through profit or loss**

Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.

- **Financial assets measured at amortized cost**

Loans and receivables are non derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Additionally, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible.

- **Financial assets at fair value through OCI**

All equity investments falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). The Company makes an irrevocable election on an instrument-by-instrument basis to present in other comprehensive income subsequent changes in the fair value. The classification is made on initial recognition and is irrevocable. If the Company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

- **Financial assets –Derecognition**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

- **De-recognition**

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily de-recognised when:

- ▶ The right to receive cash flows from the asset have expired, or
- ▶ The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

- **Financial liabilities –**

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as payables, as appropriate.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification which is as follows:

- **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading, if any, and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on the liabilities held for trading are recognised in the profit or loss.

- **Financial liabilities measured at amortized cost**

Interest bearing loans and borrowings including debentures issued by the company are subsequently measured at amortized cost using the effective interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are integral part of the EIR. The EIR amortized is included in finance costs in the statement of profit and loss.

- **Financial liabilities –Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or expires.

s) Fair Value measurement

The Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- o In the principal market for the assets or liability;
- or
- o In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re- assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

t) Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

u) Lease

a. Where the Company is the lessee

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate.

Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

b. Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of Profit & Loss.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to Statement of Profit & Loss.

v) Cash Flow Statement

Cash Flow is reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company are segregated.

w) Contingent Liability

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or is a present obligation that arises from past events but is not recognized because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognized. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the standalone financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company is involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

V. Standards issued but not effective

There are no standards issued but not effective up to the date of issuance of the Company's financial statements.

VI. New and amended standards

The Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Rules, 2024 to amend the following Ind AS which are effective for annual periods beginning on or after April 1, 2025. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

(i) Amendments to Ind AS 21 - Lack of exchangeability

The Ministry of Corporate Affairs (MCA) notified the Companies (Indian Accounting Standards) Amendment Rules, 2025, which amend Ind AS 21, The Effects of Changes in Foreign Exchange Rates to specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows. The amendments are effective for annual reporting periods beginning on or after 1 April 2025. When applying the amendments, an entity cannot restate comparative information.

(ii) Amendments to Ind AS 1 - Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants

In August 2025, the MCA notified amendments to paragraphs 69 to 76 of Ind AS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

What is meant by a right to defer settlement That a right to defer must exist at the end of the reporting period That classification is unaffected by the likelihood that an entity will exercise its deferral right That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

In addition, a requirement has been introduced to require disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

If there is a breach of a material covenant of a long term loan arrangement on or before the end of the reporting period, resulting in the liability becoming payable on demand as at the reporting date, and the lender agrees—after the reporting period but before the financial statements are approved for issue—not to demand repayment for at least 12 months as a consequence of the breach, this shall be treated as an adjusting event. Accordingly, the entity is not required to classify the liability as current.

The amendments are effective for annual reporting periods beginning on or after 1 April 2025 retrospectively in accordance with Ind AS 8.

(iii) Amendments to Ind AS 7 and Ind AS 107 - Supplier Finance Arrangements

In August 2025, the MCA noticed amendments to Ind AS 7 Statement of Cash flows and Ind AS 107 Financial Instruments: Disclosures to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier nance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

(iv) International Tax Reform—Pillar Two Model Rules – Amendments to Ind AS 12

In August 2025, the MCA noticed amendments to Ind AS 12 Income Taxes in response to the OECD's BEPS Pillar Two rules and include:

A mandatory temporary exception to the recognition and disclosure of deferred taxes arising from the jurisdictional implementation of the Pillar Two model rules; and

Disclosure requirements for affected entities to help users of the financial statements better understand an entity's exposure to Pillar Two income taxes arising from that legislation, particularly before its effective date.

The mandatory temporary exception – the use of which is required to be disclosed – applies immediately. The remaining disclosure requirements apply for annual reporting periods beginning on or after 1 April 2025, but not for any interim periods ending on or before 31 March 2026.

The above amendments do not have any impact on the Company's standalone financial statements.

Consolidated Financial Statements

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
RDB INFRASTRUCTURE AND POWER LIMITED
(FORMERLY KNOWN AS RDB REALTY & INFRASTRUCTURE LIMITED)

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of **RDB INFRASTRUCTURE AND POWER LIMITED** (hereinafter referred to as “the Holding Company”), its subsidiary (the Holding Company and its subsidiaries together referred to as “the Group”) and its associate, which comprise the Consolidated Balance Sheet as at 31st March, 2026, the Consolidated Statement of Profit and Loss including other comprehensive Income, the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements including a summary of material accounting policies and other explanatory information (herein after referred to as “Consolidated Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries and associate referred to in the Other Matters paragraph, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2026, of consolidated profit (including Other Comprehensive Income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred to in sub paragraph (a) of the “Other Matters” paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

3. Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matter	Auditor’s Response
1	Revenue recognition – accounting for construction contracts There are significant accounting judgements including estimation of costs to complete, determining the stage of completion and the timing of revenue recognition. The Company recognises revenue and profit/loss on the basis of stage of completion based on the proportion of contract costs incurred at balance sheet date, relative to the total estimated costs of the contract at completion. The recognition of revenue and profit/loss therefore rely on estimates in relation to total estimated costs of each contract. Cost contingencies are included in these estimates to take into account specific uncertain risks, or disputed claims against the Company, arising within each contract. These contingencies are reviewed by the Management on a regular basis throughout the contract life and adjusted where appropriate.	Principal Audit Procedures In responding to the identified key audit matter, we completed the following audit procedures: • Testing of the design and implementation of controls involved for the determination of the estimates used as well as their operating effectiveness; • Testing the relevant information technology systems’ access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard; • Testing a sample of contracts for appropriate identification of performance obligations; • For the sample selected, reviewing for change orders and the impact on the estimated costs to complete; • Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings

INDEPENDENT AUDITOR'S REPORT (Contd.)

Emphasis of Matter

4. Attention is invited to Note 40 (v) to the consolidated financial Statements regarding accounting treatment of the Anjana Project transaction, pursuant to which profit before tax includes an exceptional gain of Rs. 2.49 crore arising from disposal of the project by way of slump sale on a going concern basis. The matter relates to presentation and classification of the transaction amount.

Our opinion is not modified in respect of this matter.

Other Information

5. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis; Board's Report including Annexures to Board Report, Business Responsibility Report, Corporate Governance and Shareholders' Information but does not include the consolidated financial statements and our auditor's report thereon. The aforesaid documents are expected to be made available to us after the date of this auditor's report.
6. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
8. When we read the aforesaid documents, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Consolidated Financial Statements

9. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and statement of changes in equity of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act, read with Rules issued thereunder. The respective Board of Directors of the companies included in the Group and of its associate and are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its associate for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
10. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group including its associate are responsible for assessing the ability of the Group and its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
11. The respective Board of Directors of the companies included in the group and its associate are responsible for overseeing the financial reporting process of the group and of its associate.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence

INDEPENDENT AUDITOR'S REPORT (Contd.)

the economic decisions of users taken on the basis of these consolidated financial statements.

13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group and its associate have adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
14. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
17. Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

Other Matters

INDEPENDENT AUDITOR'S REPORT *(Contd.)*

18. We did not audit the financial statements of one subsidiary included in the consolidated financial statements, whose financial statements reflect total assets of Rs. 4,683.37 lakhs as at March 31, 2026, total revenues of Rs. 0.76 lakhs, total net profit/(loss) after tax of Rs. (7.41) lakhs and total comprehensive income/(loss) of Rs. (7.41) lakhs and cash flows (net) of Rs. (94.61) lakhs for the year ended on that date as considered in the financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on these consolidated financial statements, in so far as it relates to the amount and disclosures included in respect of the subsidiary is based solely on the report of such other auditor.

Our opinion on the consolidated Financial Statements is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

Report on Other Legal and Regulatory Requirements

19. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

- (d) Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2026 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies, its associate none of the directors of the Group's companies and its associate is disqualified as on 31st March, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls; refer to our separate report in "Annexure A", which is based on the auditor's report of the parent, subsidiary companies and its associate.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

According to the information and explanations given to us and the records of the Holding Company examined by us, the total managerial remuneration paid as reflected in the financial statements for the year ended 31st March 2026 is in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act, as applicable.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. There is no pending litigations that would impact the consolidated financial position of the Group and its associate.
 - ii. The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group and its associate companies.
 - iv (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly

INDEPENDENT AUDITOR'S REPORT (Contd.)

- lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. (a) The Company has neither proposed any dividend in the previous year or in the current year nor paid any interim dividend during the year.
- (b) The Company has neither declared nor paid any interim dividend during the year.
- (c) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- (i) Based on our examination, which included test checks, and that performed by the respective auditors of the one subsidiary and one associate whose financial statements have been audited under the Act, the Group and its associate have used an accounting software for maintaining its books of account which does have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

To the members of RDB INFRASTRUCTURE AND POWER LIMITED

[Referred to in paragraph 19(f) of the Auditors' Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013("the Act")

1. We have audited the internal financial controls over financial reporting of **RDB INFRASTRUCTURE AND POWER LIMITED** (Hereinafter referred to as "the Holding Company"), its subsidiary (the Holding Company and its subsidiaries together referred to as "the Group") and its associate as of 31st March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the of the Holding Company, its subsidiary companies and its associate, are responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiaries and its associate based on our audit. We conducted our audit in accordance with the "Guidance Note" and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedure selected depends on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and its associate, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting the Company, its subsidiary companies and its associate.

Meaning of Internal Financial Control over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statement for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
 - a) pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - b) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorization of management and directors of company; and

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

- c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statement.

Inherent Limitations of Internal Financial Control over Financial Reporting

7. Because of inherent limitation of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the Holding Company its subsidiary company and its associate, have, in all material respect, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting, issued by ICAI.

Other Matters

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to the subsidiary and associate is based solely on the corresponding reports furnished to us by the auditors of such company incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

A. Corporate Information

RDB Infrastructure and Power Limited Formerly known as RDB Realty & Infrastructure Limited ("The Company") is a public limited company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) and The Calcutta Stock Exchange (CSE). It is an ISO 9001:2008 certified company, and is one of the leading real estate companies in Eastern India. The Company has a pan India presence with all the necessary infrastructure, manpower, and finance. The registered office of the Company is situated at 8/1, Lalbazar Street, Bikaner Building, 1st Floor, Room No.10, Kolkata-700001.

The principal business activity of the company is in Infrastructure Development, Construction of Runway and Airport and Solar Power Generation. The Company has a strong foothold in all the rapidly growing cities of West Bengal like Asansol, Burdwan, Haldia, Kharagpur, Midnapur and other cities of India including Bhopal, Raipur, Bikaner, Guwahati, Hyderabad, Haridwar, Noida, Cochin, Mumbai and Surat.

B. Summary of Material Accounting Policies

a) Statement of Compliance

The financial statements (separate financial statements) have been prepared on accrual basis in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the provisions of the Companies Act, 2013.

b) Basis of preparation of financial statements

The financial statements have been prepared on historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

The Functional currency of the Company is Indian Rupees. These Financial Information are presented in Indian Rupees.

All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. The normal operating cycle of the company has been considered as 12 months.

Use of estimates:

The preparation of financial statement in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key estimates and assumptions :

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

c) Revenue recognition, contract costs and valuation of unbilled revenue

i Revenue from own construction

In accordance with Ind AS 115 "Revenue from Contracts with customers", Revenue is recognized from construction and service activities based on "Point in time" method and Company is recognizing revenue either after handover of Possession to customer or Registration, whichever is earlier.

ii Revenue from Construction Contracts

In accordance with Ind AS 115 "Revenue from Contracts with customers", Revenue is recognized from construction and service activities based on "over time" method and the Company uses the output method to measure progress of delivery.

When the outcome of individual contracts can be estimated reliably, contract revenue and contract cost are

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

recognized as revenue and expenses respectively by reference to the stage of completion at the reporting date. Costs are recognized as incurred and revenue is recognized on the basis of the actual work certified out of performance obligation at the reporting date.

No margin is recognized until the outcome of the contract can be estimated with reasonable certainty. Provision is made for all known or expected losses on individual contracts once each losses are foreseen.

Revenue in respect of variations to contracts and incentive payments is recognized when it is highly probable and agreed by the customer. Revenue in respect of claim is recognized only if it is highly probable not to reverse in future periods.

- i. Real Estate: Sales is exclusive of GST, if any, net of sales return.
- ii. Revenue from services are recognised on rendering of services to customers except otherwise stated.
- iii. Rental income from assets is recognised for on accrual basis except in case where ultimate collection is considered doubtful. Rental income is exclusive of GST.
- iv. Income from interest is accounted for on time proportion basis taking into account the amount outstanding and the applicable rate of interest.

d) Estimation of net realisable value for inventory property (including land advance)

Inventory property is stated at the lower of cost and net realisable value (NRV).

NRV for completed inventory property is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified by the Company for properties in the same geographical market serving the same real estate segment.

NRV in respect of inventory property under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and an estimate of the time value of money to the date of completion.

With respect to land advance given, the net recoverable value is based on the present value of future cash flows, which depends on the estimate of, among other things, the likelihood that a project will be completed, the expected date of completion, the discount rate used and the estimation of sale prices and construction costs.

e) Property, Plant and Equipment

The cost of an item of property, plant and equipment comprises of its purchase price, any costs directly attributable to its acquisition and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the company incurs when the item is acquired. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to profit or loss during the reporting period in which they are incurred.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

An item of property, plant and equipment and any significant part initially recognized is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the property, plant and equipment is de-recognized.

f) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

g) Borrowing Costs

Borrowing costs attributable to the acquisition or construction of a qualifying asset are carried as part of the cost of such asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the year they are incurred.

h) Depreciation and amortization

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives.

The useful lives estimated for the major classes of property, plant and equipment are as follows:

Depreciation on tangible assets is provided on written down value method over the useful lives of assets estimated by the management and as given in schedule II of The Companies Act, 2013. Depreciation for assets purchased/sold during a period is proportionately charged.

Softwares are amortized over the estimated useful life of 5 years.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

i) Impairment of Non-Financial Assets

The management periodically assesses using external and internal sources, whether there is an indication that both tangible and intangible asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized.

j) Inventories

- i. Constructed properties, shown as work in progress, includes the cost of land (including development rights and land under agreements to purchase), internal development costs, external development costs, construction costs, overheads, borrowing costs, construction materials including material lying at respective sites, finance and administrative expenses which contribute to bring the inventory to their present location and condition and is valued at lower of cost/estimated cost and net realizable value.
- ii. On completion of projects, unsold stocks are transferred to project finished stock under the head "Inventory" and the same is carried at cost or net realizable value, whichever is less.
- iii. Finished Goods – Flats: Valued at cost and net realizable value whichever is less.
- iv. Land Inventory: Valued at lower of cost and net realizable value.

Provision for obsolescence in inventories is made, wherever required.

k) Retirement Benefits

a. Short Term employee benefits

Short term employee benefits such as salaries, wages, bonus, expected cost of ex-gratia etc. are recognised in the period in which the employee renders the related service.

b. Long Term and Post-employment benefits

- i. Defined Contribution Plan: Employee benefits in the form of Employees State Insurance Corporation and Provident Fund are considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss for the period when the contributions to the respective funds are due.
- ii. Defined Benefit Plan: Employee benefits in the form of Gratuity is considered as defined benefit plan and are provided for on the basis of an independent actuarial valuation, using the projected unit credit method, as at the Balance Sheet date as per requirements of Indian Accounting Standard-19 on "Employee Benefits".

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

in subsequent periods.

l) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation if the company has a present obligation as a result of past event and the amount of obligation can be reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Possible future or present obligations that may, but will probably not require outflow of resources or where the same cannot be reliably estimated is disclosed as contingent liability in the financial statement.

m) Taxes on Income

- i. Tax expense comprises both current and deferred tax. Current tax is determined in respect of taxable income for the year based on applicable tax rates and laws.
- ii. Deferred tax Asset/liability is recognized, subject to consideration of prudence, on timing differences being the differences between taxable incomes and accounting income that originates in one year and is capable of reversal in one or more subsequent year and measured using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are not recognized unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets are reviewed at each Balance Sheet date to reassess their reliability.

n) Foreign Currency Transactions

Foreign currency denominated monetary assets and liabilities are translated at exchange rates in effect at Balance Sheet date. The gains or losses resulting from such translation are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency are translated at the exchange rate prevalent at the date of transactions.

Revenue, expense and cash flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of transaction.

o) Segment Reporting

The Company has identified that its operating activity is a single primary business segment viz. Real Estate Development and Services carried out in India. Accordingly, whole of India has been considered as one geographical segment

p) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

q) Cash & Cash Equivalents

Cash and cash equivalents comprises of cash & cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less, which are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management and that are readily convertible to known amounts of cash to be cash equivalents.

r) Financial Instruments

➤ Financial Instruments –Initial recognition and measurement

Financial assets and financial liabilities are recognized in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets and liabilities at initial recognition. All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

that are attributable to the acquisition of the financial asset.

➤ **Financial assets –Subsequent measurement**

The Subsequent measurement of financial assets depends on their classification which is as follows:

- **Financial assets at fair value through profit or loss**

Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.

- **Financial assets measured at amortized cost**

Loans and receivables are non derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Additionally, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible.

- **Financial assets at fair value through OCI**

All equity investments falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). The Company makes an irrevocable election on an instrument-by-instrument basis to present in other comprehensive income subsequent changes in the fair value. The classification is made on initial recognition and is irrevocable. If the Company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

- **Financial assets –Derecognition**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

- **De-recognition**

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily de-recognised when:

- The right to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

- **Financial liabilities –**

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as payables, as appropriate.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification which is as follows:

- **Financial liabilities at fair value through profit or loss**

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

Financial liabilities at fair value through profit or loss include financial liabilities held for trading, if any, and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on the liabilities held for trading are recognised in the profit or loss.

- **Financial liabilities measured at amortized cost**

Interest bearing loans and borrowings including debentures issued by the company are subsequently measured at amortized cost using the effective interest rate method (EIR). Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are integral part of the EIR. The EIR amortized is included in finance costs in the statement of profit and loss.

- **Financial liabilities –Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or expires.

s) **Fair Value measurement**

The Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- o In the principal market for the assets or liability;
- or
- o In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The Company uses valuation technique that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re- assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

t) **Impairment of financial assets**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

u) **Lease**

a. **Where the Company is the lessee**

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate.

Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

b. Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of Profit & Loss.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to Statement of Profit & Loss.

v) Cash Flow Statement

Cash Flow is reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company are segregated.

w) Contingent Liability

Contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or is a present obligation that arises from past events but is not recognized because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or a reliable estimate of the amount of the obligation cannot be made. Contingent liabilities are disclosed and not recognized. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are no probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the Consolidate financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company is involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

x) Goodwill

Goodwill represents the purchase consideration in excess of the Group's interest in the net fair value of identifiable assets, liabilities and contingent liabilities of the acquired entity. When the net fair value of the identifiable assets, liabilities and contingent liabilities acquired exceeds purchase consideration, the fair value of net assets acquired is reassessed and the bargain purchase gain is recognized in capital reserve. Goodwill is measured at cost less accumulated impairment losses.

V. Standards issued but not effective

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS ON 31ST MARCH, 2026

There are no standards issued but not effective up to the date of issuance of the Company's financial statements.

VI. New and amended standards

The Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Rules, 2024 to amend the following Ind AS which are effective for annual periods beginning on or after April 1, 2025. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

(i) Amendments to Ind AS 21 - Lack of exchangeability

The Ministry of Corporate Affairs (MCA) notified the Companies (Indian Accounting Standards) Amendment Rules, 2025, which amend Ind AS 21, The Effects of Changes in Foreign Exchange Rates to specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows. The amendments are effective for annual reporting periods beginning on or after 1 April 2025. When applying the amendments, an entity cannot restate comparative information.

(ii) Amendments to Ind AS 1 - Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants

In August 2025, the MCA notified amendments to paragraphs 69 to 76 of Ind AS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

What is meant by a right to defer settlement That a right to defer must exist at the end of the reporting period That classification is unaffected by the likelihood that an entity will exercise its deferral right That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

In addition, a requirement has been introduced to require disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

If there is a breach of a material covenant of a long term loan arrangement on or before the end of the reporting period, resulting in the liability becoming payable on demand as at the reporting date, and the lender agrees—after the reporting period but before the financial statements are approved for issue—not to demand repayment for at least 12 months as a consequence of the breach, this shall be treated as an adjusting event. Accordingly, the entity is not required to classify the liability as current.

The amendments are effective for annual reporting periods beginning on or after 1 April 2025 retrospectively in accordance with Ind AS 8.

(iii) Amendments to Ind AS 7 and Ind AS 107 - Supplier Finance Arrangements

In August 2025, the MCA notified amendments to Ind AS 7 Statement of Cash flows and Ind AS 107 Financial Instruments: Disclosures to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier nance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

(iv) International Tax Reform—Pillar Two Model Rules – Amendments to Ind AS 12

In August 2025, the MCA noticed amendments to Ind AS 12 Income Taxes in response to the OECD's BEPS Pillar Two rules and include:

A mandatory temporary exception to the recognition and disclosure of deferred taxes arising from the jurisdictional implementation of the Pillar Two model rules; and

Disclosure requirements for affected entities to help users of the financial statements better understand an entity's exposure to Pillar Two income taxes arising from that legislation, particularly before its effective date.

The mandatory temporary exception – the use of which is required to be disclosed – applies immediately. The remaining disclosure requirements apply for annual reporting periods beginning on or after 1 April 2025, but not for any interim periods ending on or before 31 March 2026.

The above amendments do not have any impact on the Company's standalone financial statements.

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support company's operations. The Company's principal financial assets include trade and other receivables, cash and cash equivalents and loans and advances and refundable deposits that derive directly from its operation.

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the company. The Financial risk committee provides assurance to the company's senior management that the company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the company's policies and risk objectives. the Board of Directors reviews and agrees policies for managing each of these risks which are summarised below.

A) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of two types of risk: interest rate risk and other price risk: such as equity price risk and commodity/ real estate risk. The company has not entered into any foreign exchange or commodity derivative contracts. Accordingly, there is no significant exposure to the market risk other than interest risk.

i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the company's long-term debt obligations with floating interest rates.

The company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. Most of the Borrowings of the Company are unsecured and at fixed rates. The company has only one cash credit account which is linked to the prime bank lending rate. The company does not enter into any interest rate swaps.

ii) Price Risk

The Company has not made any investments for trading purposes. The Surplus have been deployed in Bank deposits as explained above.

B) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instrument.

Trade Receivables

Receivables resulting from Sale of Properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore,substantially eliminating the company's credit risk in this respect.

Receivables resulting from other than Sale of properties: Credit risk is managed by each business unit subject to the company's established policy, procedure and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed
